

EXERCISE

Objective:

To gather ideas for possible **on-farm** research projects that could help to develop aspects of dairy farm sustainability

Questions

Time	Question
4.20 – 4.35	Farmers: Where do you think your farm fits on the diagram representing various aspects of sustainability?
4.35 – 4.50	What information would help you to move higher in areas where you are low, or areas you would like to improve on?
4.50 – 5.10	What on-farm trials/research/projects could help to provide this information? (up to 5 ideas)
5.15 – 5.30	Report back

How does your farm score?
